Through real-world examples and interactive learning, this Academy will help you activate practical strategies for better business outcomes.

Aligning Intent and Impact: Creating a Culture of Emotional Intelligence

- Explore how Emotional Intelligence (EQ) differs from Cognitive Intelligence (IQ) and Personality
- Understand the impact leaders have on their cultures' EQ
- Align your intent and impact to create a culture of emotional intelligence

Communicating: Connecting Through Conversations

- Leverage the power of presence to give your messages greater strategic impact
- Influence stakeholders with engaging, data-informed presentation design
- Deliver recommendations with a cogent, credible, and compelling style
- Utilize stakeholder-forward strategies to transition dissent to discussion
- Harness honest signals to practice proactive reframing in the face of challenges

Coaching: Motivating Performance

- Identify values and drivers that motivate employees
- Understand organizational culture as a critical factor in employee motivation
- Create workplace systems that motivate employees
- Articulate an intentional process for coaching performance management at regular intervals
- Apply motivational interviewing techniques to effect employee behavior change

Cultivate a Successful People Strategy

- Empower leaders to create a culture of accountability and problem-solving within their teams.
- Teach participants how to structure strategic risk-taking to drive innovation and business results.
- Equip leaders with tools to improve collaboration and increase workforce retention by aligning people strategies with organizational goals.
