Advanced Supply Chain Professional Development
(4 Sessions) REGISTRATION DEADLINE SEPT 30TH

In cooperation with UA Eller Executive Education, the Arizona Manufacturing Extension Partnership (AZ MEP) is offering a 4-part professional development opportunity to help supply chain professionals hone their strategic and tactical skills to leverage their organizations supply chain as a core competency to drive more profit while mitigating risk.

Attendees will learn and participate in interactive exercises related to growing the top and bottom line with supply chain strategies, sales and operations planning (S&OP), forecasting and demand management, sourcing strategies, make/buy analysis, supplier selection, supplier negotiations, risk and opportunity management, inventory management strategies, artificial intelligence in the supply chain, cybersecurity challenges and more.

Module 1: Growing the Top Line with Supply Chain Strategies - November
Module 2: Supply Chain Management - December
Module 3: Growing the Bottom Line with Supply Chain Strategies - January
Module 4: Current Challenges for Supply Chain Managers - February

With assistance from the Supply Chain Optimization and Intelligence Network (SCOIN) a program under the US Department of Commerce and NIST, and with funding from the CHIPS and Science Act the program attendance fee is being offered for $3,000 per manufacturing attendee ($5,000 for non-manufacturing organization attendees).

Who Should Attend:
Buyers, Planners, Materials Managers, Supply Chain Managers, Operations Mangers, Business Owners and anyone looking to improve and update their knowledge in supply chain best practices

Event Times:
8:00 am - 4:30 pm

$3,000
per person
(for all 4 sessions)
